## Summer Assignments from Book

## Algebra 1

| Section | Topic | Page | Problem Numbers |
| :---: | :---: | :---: | :---: |
| 1.1 | Evaluate Expressions | 5 | $5-43$ every other odd |
| 1.2 | Apply Order of Operation | 10 | $5-29$ every other odd |
| 1.3 | Write Expressions | 18 | $3-23$ every other odd |
| 1.4 | Write Equations and Inequalities | 21 | $3-27$ every other odd |
| 1.6 | Represent Functions as Rules and Tables | 38 | $3-7$ odd; $15-21$ odd |
| 1.7 | Represent Functions as Graphs | 46 | $3-7$ odd |
| 2.1 | Use Integers and Rational Numbers | 67 | $5-33$ every other odd; <br> $43-49$ odd |
| 2.2 | Add Real Numbers | 77 | $3-31$ odd |
| 2.3 | Subtract Real Numbers | 82 | $3-31$ odd |
| 2.4 | Multiply Real Numbers | 91 | $3-41$ odd |
| 2.5 | Apply the Distributive Property | 99 | $5-19$ odd; $29-41$ odd |
| 2.6 | Divide Real Numbers | 106 | $11-21$ odd; 33-41 odd |
| 2.7 | Find Square Roots and Compare Real Numbers | 113 | $3-13$ odd; $35-41$ odd |

Write out your answers to these problems. You must SHOW your work to get credit for the work. Make sure that you label the section numbers so that I can follow what you have done.

You must also CHECK your own work. Answers to the problems are on Pages SA1 - SA5. If you don't get the correct answer, you should look back to the instructions on that section. Then rework the problem to see if you can get the correct answer. This work is Due the first day of class.
