Multiplying Fractions and Whole Numbers	780	1-15 odd
Basic Geometric Figures	785	1-7 odd
Units of Area and Volume	789	1-7 odd

Write out your answers to these problems. You must SHOW your work to get credit for the work. Make sure that you label the page numbers so that I can follow what you have done.

You must also CHECK your own work. Answers to the problems are on Pages SA43 – SA44. If you don't get the correct answer, you should look back to the instructions on that section. Then rework the problem to see if you can get the correct answer. This work is Due the first day of class.
